The Finest Ingredients of the Earth

Created by Master Esthetician and industry icon, Lynda Sarfati, Repechage brings together the remarkable beauty benefits of seaweed and the finest ingredients the Earth has to offer.

The Repechage Difference

A name synonymous with results-oriented professional & at-home skincare. Pioneers in developing unidose facials to optimize service consistency & cost effectiveness.

Award-Winning Products

With over 150 products for the professional & consumer in over 45 countries, *Repechage* gives everyone a second change for beautiful skin.

The Natural Benefits of Seaweed

Over 11 species of sustainably-harvested seaweed from the coast of Brittany, France and Maine, USA. Seaweed such as Laminaria Digitata contains beneficial ingredients including 12 vitamins & minerals, 42 trace elements and 18 amino acids to help skin look hydrated, restored, renewed and radiant.

Repechage - Excellence in Manufacturing

Repechage seaweed filtrate is derived from a proprietary extraction method and manufactured in an ISO 9001 certified facility in Secaucus, NJ, USA.
